Basic Histocompatibility Course

March 8-11, 2019

Hyatt Centric
French Quarter
NEW ORLEANS, LA

Sponsored by the
American Foundation for
Donation and Transplantation

American Foundation for Donation and Transplantation

Basic Histocompatibility Course

Purpose: Provide the technician/technologist with a well rounded background in basic transplant immunology and related laboratory skills and to provide the transplant fellow with basic immunology.

Objective: Meet the needs of the beginning HLA technical/technologist by providing pertinent information about HLA testing, methodologies, and information necessary to meet the ASHI Statement of Competency.

Syllabus: Each student will receive a comprehensive course syllabus containing:

- Outline of each lecture;
- Notes for each lecture; and
- References.

Documentation Required:

- 1 Minimum three months experience in an HLA Laboratory.
- 2 B.S. degree in a appropriate biological science or MT(ASCP) or other appropriate registry.

Inquiries concerning the course should be addressed to:

Amy Hahn, PhD, D(ABHI), Director
hahna@amc.edu

Or, call the AFDT Office at 1-800-KIDNEY9

ABHI certification will be applied for.
