HISTOCOMPATIBILITY SPECIALIST COURSE

June 22-28, 2018

Hyatt Regency Clearwater Beach Resort & Spa

PURPOSE: The curriculum is designed for senior technologists and new laboratory directors involved in the day to day management and development of the histocompatibility laboratory. Applicants should have a background in immunology, immunogenetics and histocompatibility.

OBJECTIVE: Program objective is to establish a structured curriculum leading to:

- Raising the standards of practice in clinical histocompatibility testing.
- Providing a fundamental educational program leading to ABHI Histocompatibility Specialist Certification (CHS).
- Promoting excellence in clinical laboratory medicine.

SYLLABUS: Each student will receive a comprehensive course syllabus containing lecture summaries, references and bibliography and procedures with applications.

CURRICULUM: Course presentation will be in didactic and interactive discussion format. The curriculum focus is on histocompatibility testing:

- Theory and principle
- Application
- Procedure
- Management

APPLICANT REQUIREMENTS: Technologist in Histocompatibility Testing, with a minimum of 3 years working experience and/or a formal course in immunology or genetics; or a new laboratory director; active ASHI membership (recommended); and pre-requisite reading completed.

This course will have a limited number of registrants; early registration is recommended.

Registration Cost: Before May 22 – \$1,600.00 • After May 23 – \$1,800.00 • Optional Review Session – \$150.00
Includes daily breakfast, breaks, lunch. Attendee pays own airfare and lodging costs.
